PARKS, PRESERVES & ATTRACTIONS

<p>State Parks</p> <p>Crystal River Archaeological State Park A National Historic Landmark, this 61-acre, pre-Columbian, Native American site has burial mounds, temple/platform mounds, a plaza area and a substantial midden. The six-mound complex is one of the longest continuously occupied sites in Florida. For 1,600 years the site served as an imposing ceremonial center for Native Americans. The park sits on the edge of an expansive coastal marsh. 3400 N. Museum Pt. The park showcases native Florida wildlife, including manatees, black bears, bobcats, white-tailed deer, American alligators, American crocodiles and river otters. Manatee programs are offered three times daily. At the Wildlife encounter programs, snakes and other native animals are featured. Recreational opportunities include picnicking, nature study, and bird-watching. 4150 S. Yulee was a member of the Territorial Legislative Council and served in the U.S. House of Representatives and U.S. Senate after Florida statehood. The park contains the remnants of the once-thriving 5,100-acre sugar plantation; a forty-foot limestone masonry chimney, iron gears, and a cane press. The steam-driven mill operated from 1851 to 1864 and served as a supplier of sugar products for southern troops during the Civil War. State Park

A place of exceptional natural beauty, the undisturbed islands, inlets, backwaters and forests of this Crystal River Preserve are especially cherished by nature lovers and photographers. The park borders 20 miles of the northern Gulf Coast between the two cities of Yankeetown and Homosassa. Visitors can hike or bicycle along seven miles of trails or study the native wildlife and plants on the two mile interpretive trail.

Crystal River National Wildlife Refuge

The Crystal River National Wildlife Refuge was established specifically for the protection of the endangered West Indian Manatee. This unique refuge preserves the last unspoiled and undeveloped habitat in Kings Bay, which forms the headwaters of the Crystal River. The refuge preserves the warm water spring havens, which provide critical habitat for the manatee populations that migrate here each winter.

St. Martins Aquatic Preserve

Fort Cooper State Park

The park's diverse natural areas provide refuge for many plants and animals, including threatened and endangered species. Fishing in Lake Holathlikaha is a popular activity; swimming is available only when the lake level is high enough. Paddleboat and canoe rentals are available. Nearly five miles of self-guided trails offer some of the best bird and wildlife viewing in Citrus County. Park visitors also can enjoy the picnic facilities, a recreation hall and primitive group campground.
