I can't say enough good things! 5/5 Stars Stayed May 2022

Jennifer B.

We have stayed in a lot of vacation rental homes, and I can honestly say this is the first time that the house and property FAR exceeded our expectations. Everything was clean and in great condition. The pool was perfect and entertained my kids for hours each day. My favorite part of our stay was drinking coffee every morning on the dock while watching the wildlife - one of the highlights was when a dolphin very briefly visited the little cove by the dock! We had some fun on the kayaks and bikes, did a little fishing, played a little horseshoe, and got in a lot of much needed relaxation. The kitchen was fully stocked with any appliance and gadget you could need. The owners were very nice and helpful. They communicated everything we could possibly need to know days ahead of our stay - which I very much appreciated for planning purposes. And the location was excellent - only 10 minutes from the wildlife park -- which we all loved -- and under 15 minutes to the grocery store and an ice cream shop. Plus there were a lot of local restaurants nearby. I really hope that we have the opportunity to return for another vacation in the future because we all fell in love with this place!

The property exceeded our expectations. Coupled with a very quiet and peaceful surrounding our stay at The Sanctuary surpassed it's name. And to top it off the communication with the owner was prompt and pleasant. We would be very happy to be able to visit again.

Great FL Retreat 5/5 Stars

Stayed Feb 2022

House was very very clean. Joan was very easy to work. We loved how secluded the house was but still close to restaurants and stores. Kitchen was stocked with every appliance and utensil you'd want. Bath towels have seen better days but that's not a big deal. They were clean. There are also pool floats available to use.

So glad you enjoyed your stay!! We love the location also! Private and so peaceful, yet so close to many fun things to do!

Beautiful property 5/5 Stars Stayed Feb 2022

SANDRA B.

The excitement started when we pulled into that impressive driveway and continued as we entered the house to see the swimming pool and beautiful view out the back. We loved walking the paths to the river and picking oranges and grapefruits off the trees. We found the kitchen well stocked and the home comfortable for two children and three adults. Swimming in a nearby river with the manatees was a highlight! Fond family memories were made here. Thank you Joan and Peter for sharing your home.

Very nice property, clean, neat, very quiet area. The unit was very comfortable, pool was nice but couldn't use it due to the cold weather. The house was very clean.

The owners were very helpful and easy to communicate with. We had a very nice stay and serve our style of vacation very well.

4 acres of Florida's Nature Coast - we keep it beautifully natural. Mother Nature is our exterior designer! The Sanctuary is not the Waldorf - it's certainly more than ample, comfortable and overwhelmingly enjoyable!

Amazing view with a warm pool 😊 5/5 Stars Stayed Dec 2021

Heather S.

The view is spectacular! very relaxing and super private. I spent most of my time, both day and night in the pool. The home is well stocked with dishes and pots and pans. The only suggestions I have is to update the bedding, it's a minor expense that would go far with guests. The property is gorgeous and the house is built around the view. Wonderful vacation spot.

Host's response:

Yes - the pool is so very wonderful!! That's where I also spend all my time when at the house. Glad that you enjoyed your stay. Thanks for suggestion! We always pay attention to them from our very valuable guests! Thanks for staying with us!

Family group of 8 including grandchildren 9 & 10 years old. The home was perfect for the various ages and the pool was enjoyed by the kids. The solar cover kept the water at a perfect temperature even though the evenings were cool. The home was very clean and we found it to be exactly as described on VRBO. Thank you to the owners for sharing your home with our family!

We loved our visit. Great location to visit Homosassa springs and Three Sisters Springs. If you get a chance paddle the Chassahowitzka and visit the Crack. The water was so clear! The view from the back was absolutely breathtaking. The kids loved being able to swim whenever they wanted. Definitely recommend staying here.

Spectacular 5/5 Stars Stayed Sep 2021

Gloria S.

This home was just as advertised. Inside and outside was spotless. The home was comfortable and very well equipped. The kitchen had everything you needed to prepare a meal

and the gas grill was a plus. She even had beach towels! We spent a lot of our time in the pool and on the screened porch. It was delightful. But the best thing was Joan's willingness to work with us concerning our schedule. We had some last minute complications that could have sidelined our trip. Joan was an angel to help us arrange another date. Thank you, Joan. When we return to this area, we will definitely stay at the Sanctuary..
